### SOVIET TROOPS DRIVE WRANGL OUT OF RUSSIA

Thousands of Inhabitants of  
Sebastopol Refugees on  
Allied Vessels

(By Associated Press)  
PARIS, Nov. 15.—The Russian bolshevik occupied Sebastopol last night and are reported to be masters of the whole Crimean peninsula. General Wrangel and his staff have been taken aboard the French warship Waldeck for Constantinople. Ships loaded with refugees left Sebastopol when the bolshevik entered the city. The ships included American and British vessels. The fate of 100,000 persons left at Sebastopol is causing anxiety. General Wrangel's staff is said to have been almost wiped out. Propaganda behind the lines is believed to have helped to cause the collapse.

(By Associated Press)  
CONSTANTINOPLE, Nov. 14.—Thirteen thousand refugees have arrived from Sebastopol. Owing to the lack of accommodations they have been taken aboard ships in the harbor. It is understood that 30,000 are leaving Sebastopol. Wrangel is without hope. American Red Cross workers are safe.

(By Associated Press)  
LONDON, Nov. 15.—Britain, never having recognized the Wrangel government, will continue negotiations for opening trade relations with Soviet Russia and will observe strict neutrality in the Black sea, it was stated today. The admiralty is undecided whether British warships shall carry refugees from the Crimea.

(By Associated Press)  
WASHINGTON, D. C., Nov. 15.—All the American warships in the Black sea will be used to assist the refugees fleeing from the Crimea, from bolshevik authority, according to the state and navy departments. The refugees will probably be taken to the Greek islands in the Aegean sea.

## Mining Congress Will Discuss Tax Revision

(By Associated Press)  
DENVER, Colo., Nov. 15.—Complete revision of all tax laws pertaining to the mining industry, a "clearing of the atmosphere" between capital and labor, and a general review of the gold problem are among the subjects slated for action at the twenty-third annual convention of the American Mining congress beginning here today and to continue until November 20.

"Excessive taxation which has killed the industry," says an official announcement issued at headquarters here, "will be the chief among the matters discussed."

The allied tax committee of the congress, which met recently in New York, will bring a report to the convention recommending complete revision of all existing mining laws, both natural and local.

"In addition it is generally recognized among mining men there must be a general clearing of the atmosphere to show where the reasonable line is between capital and labor."

Legislation which would "require incorporation of labor unions to make contracts binding and enforceable" will be proposed and discussed, it was officially stated.

Invitations have been sent to 17,000 mining operators throughout the country. The speaking program includes addresses by Governors Emmet B. Boyle of Nevada and Henry J. Allen of Kansas. Governor John J. Cornwall of West Virginia, whose actions have been closely followed by mining men in connection with the extended strike of miners in that state, has been invited, and officials of the congress expect him to accept.

Eight general divisions of work will be undertaken by the convention, according to the program. They are:

Industrial, legislation, standardization, taxation, the gold problem, including furtherance of a movement to prevent greater depletion of the nation's monetary gold reserve; flotation conference, and schools of mines and metallurgy.

Willard E. Smith, who is wanted here on the charge of being a party to the robbery of \$750 from John Helma on the night of November 11, was brought back to this city on Saturday afternoon from Goldfield by Chief of Police Jack Grant. ### MISS MURPHY AND MR. SIMPSON WED

A wedding of a great deal of interest to their many friends in this city took place last evening when Miss Anna C. Murphy became the bride of E. C. Simpson.

The bride is the charming daughter of Mrs. John Murphy and has been employed as chief operator for the Nevada Telephone & Telegraph company for several years. She has lived in Tonopah for a number of years and is among the most popular young women of the city, having taken an active part in social affairs here.

Mr. Simpson is the general superintendent of the MacNamara and Crescent Mining company and is one of the pioneers of Tonopah. He is well and favorably known here and is deservedly popular among his many acquaintances. The couple will make their home in the superintendent's residence of the MacNamara company. The congratulations of Tonopahans are extended to the newlyweds.

### WILSHIRE MINES REBUILD PLANT

Gaylord Wilshire, president of the Wilshire Gold Mining company, reports that the company has spent this year something over \$100,000 cash in completely rebuilding the plant, says the Bishop Register. He states the mill will commence operating this month with an estimated capacity of 150 tons a day. From the experience of the company last summer, when something like \$25,000 gold was obtained with an inadequate oil flotation plant, it is thought that with the new K. & K. flotation plant an extraction of over 90 per cent will be had. Operations will continue through the winter.

The ore runs about \$13 per ton in gold, very little silver, and about 50 cents a ton copper. Inasmuch as the company has a contract with the power company through the surrender of power sites, the mine gets 200 h. p. electric energy delivered to it absolutely free of charge, which places it in a very favorable position for cheap mining. The mine has two levels, each about 450 feet long and about 20 feet in width. Values are very evenly distributed.

Invitations have been sent to 17,000 mining operators throughout the country. The speaking program includes addresses by Governors Emmet B. Boyle of Nevada and Henry J. Allen of Kansas. Governor John J. Cornwall of West Virginia, whose actions have been closely followed by mining men in connection with the extended strike of miners in that state, has been invited, and officials of the congress expect him to accept.

### BASEBALL REPORT TUESDAY

(By Associated Press)  
LOS ANGELES, Cal., Nov. 15.—The trial of Mrs. Peete, charged with the murder of Jacob Denton, has been continued to January 19.

(By Associated Press)  
LOS ANGELES, Cal., Nov. 15.—The grand jury findings in the alleged fixing of Coast league games is expected to be made to the court tomorrow.

Last Saturday at Bishop the Tonopah high school football team defeated the Bishop union high school team by a score of 16 to 0. The game was fast and interesting throughout and was witnessed by a big crowd.

Bishop received the ball and started with a rush that looked bad for the Tonopah boys. It was not long before they were stopped in their tracks by the fighting Miners. Bishop made their downs several times in the first quarter but failed to score and the quarter ended without a score for either side.

The second quarter was Tonopah's from start to finish. By plunging through the heavy Bishop line the light Tonopah backfield made their downs with ease. Byrne and Hux made several long end runs which brought the ball to the 10-yard line. By a split buck Peggy made a touchdown. Hag failed to kick goal, and the half ended, Tonopah 6, Bishop 0.

The second half started with lots of pep. Tonopah had the ball most of the time and worked it up the field through Bishop's line and around the ends. On the 20-yard line Hug tried a field goal and made three more points for Tonopah. Tonopah received the ball and returned it 30 yards, but was penalized 15 yards for holding. Byrne took the ball around end for 25 yards, which made up for the penalty. The quarter ended with the ball on the 20-yard line. Score Tonopah 9, Bishop 0.

In the last quarter Bishop used all its subs and all the plays were run off in desperate attempts to score, but the host they had made no difference to Tonopah. The closest they got to the goal was the 20-yard line. Bishop tried four forward passes and didn't complete any. Tonopah tried three forward passes and completed two, one from Peggy to Anderson and one from Peggy to Hug. A pass was intercepted by Peggy and he went 30 yards for another touchdown. Hug kicked goal, and the game ended Tonopah 14, Bishop 0.

It is hard to choose individual stars from the Tonopah team, because every man played good football from start to finish. Byrne caused lots of ground around end and through the line. This is his first year at the game, so he deserves much credit for his good work. Peggy and Hug can hit the line, and Bishop knows it. McVeigh played a good game at quarterback. Fee and Anderson played their ends with much credit, allowing no long and runs. Clendening and Henderson played tackles like veterans. Tol and Rose at guards were on the job every minute. Swasey at center was in every play on the line. Carey, Humphrey, McGinn and McQuillan as subs were ready for their places and they all had their say in the last part of the game.

Weather conditions were ideal and the field was dry and fast. The American Legion had a three-day celebration in Bishop, so there was a lot of excitement for the visiting team as well as the local people.

Possibly some arrangements can be made for a game in Tonopah on Thanksgiving day, but as yet no definite arrangements have been made.

## EX-PREMIER OF JAPAN ATTACKS NEW LAND LAW

Okuma Says Only Force Remain  
If U. S. Does Not Repudiate  
California Law

(By Associated Press)  
TORIO, Nov. 15.—Marquis Okuma, former Japanese premier, addressing a meeting, strongly attacked the plan to exclude Japanese from America by a treaty, as an act of infidelity toward Japanese-American friendship.

He said he believed Washington would be able to stop the California measure's enforcement by enlisting the sentiment of the whole country. If Japan's appeals to America's sense of international morality failed, he said, only force remained.

Japan sincerely desires a solution of the problem, he continued, but feared that otherwise the question might lead to an outbreak of self-sacrificing patriotism for which the Japanese are noted.

(By Associated Press)
